Monday 27th April

Dear Parents

I hope you have had a good weekend and are continuing to enjoy this glorious weather.

We hope you enjoyed our Assembly on Friday. I am sorry that it is not on the website, as promised. We had a number of technical difficulties due to it being such a large file - apparently Peter and John were responsible for this! Hopefully you found the assembly on the Google Classroom stream – we will continue to upload it this way for the following weeks.

This week's HLPs are now live on Google Classroom and we will be starting our Google Hangouts with the class teachers today. The purpose of this week's Hangouts is to trial this approach of video conferencing in small groups and 'iron out' any practical or technical difficulties that may come up so that we can use it as a platform for teaching and learning opportunities in the weeks ahead.

Thank you to everyone who has confirmed with the class teacher that they have read, understood and will follow the Online Agreement when using Google Classroom and Hangouts. Hopefully you will have received your child's Hangout time on Friday. If not, please contact your class teacher via their email.

The Denham family have taken a break from the challenges this week. I am really enjoying seeing the photos of the children having a go at the challenges and most of them are uploaded to the Children's Page of the school website. If the children can suggest some of their own challenges (that are realistic during this time of lockdown!) and take a photo of them doing it, I will try to include them next week. Please send ideas and photos directly to this email address: mrdenhamchallenges@standlake.oxon.sch.uk

I hope you have a good week and I look forward to 'seeing' lots of you for our virtual Achievement Assembly on Friday.

Kind regards

Andrew Denham
