46% of pupils achieved the expected standard in reading, writing and maths combined. Nationally it was 53%
 One pupil missed out on meeting the expected standard by one mark in reading and maths; this would have put our reading, maths and combined in line with the national percentage. One of these pupils joined us in the autumn of Year 6 so was not 'home grown'
 There is no 'working above national standard' in Science.
 No pupils were absent or dis-applied.
