

## Topic Title: Chocolate

Class: Year 3

Term: 2

### English

We will be revolving around Charlie and the Chocolate Factory:

- Character Descriptions + Settings
- Chocolate Advertisements – posters and film
- Biography Writing
- Letter Writing
- Creative Writing

### Maths

We will be learning about:

- Shape
- Measurement
- Statistics
- Revisiting Subtraction and Addition
- Revisiting Multiplication and Division
- Big Maths Challenges

### Science

We will be learning about:

- Soil and Compost
- The Water Cycle
- Nutrition and how to stay healthy
- Skeletons and muscles

### RE

We are currently looking at light as a symbol in different religions.

We will be learning about how and why Jews and Christians celebrate Christmas, using light. E.g. Advent

### Geography/History

We will be learning about the origins of Chocolate. We will study the Aztecs and how they valued chocolate in their society. As a class we will discuss the process from 'Bean to Bar' and how much work goes into producing their favourite chocolate bar.

### Computing

We will be learning how to use technology to create digital advertisements for our chocolate bars.

We will continue to use the I pads to support our learning in other subjects.

### PE

We will be learning different Gaelic football skills:

Attacking  
Defending  
Kick passing  
Hand passing  
Fist passing  
Soloing

### Art/DT/Music

We will be learning how to create, sell and evaluate our own chocolate bars.

The children will have a tasting session before they create their own unique chocolate to inspire them for the rest of the topic.

We will be performing Babushka (Christmas play) so our classroom will be filled with music constantly.

### PSHE

We will be learning about how to be a good friend both in the classroom and at playtime.

We will be learning about fairtrade chocolate and it's benefits.
