Dear Parents and Carers

The School Health Nursing Service are visiting school on *6.7.21 at 1.30pm*. They will be facilitating a workshop designed to help our children understand more about the rapidly approaching transition to Secondary School.

The aim of the workshop is to explore all aspects of their emotional journey, help manage their expectations and find strategies to help them cope with this change.

At the end of the session, the nurses will provide an opportunity for the children to ask further questions.

Parents and carers will also be sent an E-book resource to encourage further and wider discussion around secondary transition, within this there are lots of hints and tips to explore with your children.

Best Wishes

Nikki Smith RN
