Parish Council

Dear Parents,

Standlake Parish Council, the School and Police are extremely concerned about road safety within Standlake. One of our Parish Councillors is currently leading a project working with Oxfordshire County Council and the Police to investigate what traffic calming measures can be introduced. It is felt it is only a matter of time before there is a serious accident or injury caused. Monitoring currently taking place shows that over 50% of traffic in the village is exceeding the speed limit and there has also been a recording of one vehicle reaching 70mph on The Downs.

In the interim we can all do our bit to help reduce the risk. Please drive and park with consideration for others and observe the 20mph limit when the school warning lights are on. When visiting the school or collecting and dropping off pupils, please use the public car park by the Church to avoid parking on the bends by the school where visibility is restricted. Please remember people need access to their driveways or estate junctions in this area so parking on the road increases the risk of an accident or injury.

As we are approaching winter with dark mornings and evenings it is even more important to reduce the dangers in any way possible to help keep everyone safe, avoid accidents and injury.

Thanking you in advance for your co-operation.

Brian Parnham
Chair of Parish Council

Andrew Denham
Headteacher, Standlake Primary
